#### Distribution of Charge in Juvenile Halls

In the 1st Quarter of 2001, 65% of the juveniles in juvenile hall were charged with a felony offense. If there are more felony charges in juvenile hall, it can be presumed that more juveniles will require higher-security housing. Although the percentage of felonies has decreased slightly since 1999, the fact that over 50% of the juvenile hall population is charged with felony offenses remains significant.
